Current OWR Projects

- * Alexander County
- * Des Plaines
- * McHenry County
- * Pearl City

- * Carbondale
- * Fisher
- * Kampsville
- * Kankakee County
- * Lake County
- * Lisle
- * Machesney Park
- * Mason County
- * Mt. Vernon
- * Watseka

City of Ottawa

1982. The Ottawa "flats". Under water.

2008. The same Ottawa "flats" After buyouts.

This is our goal for when it floods

Mitigation Grant Programs

FEMA:

- Hazards Mitigation Grant Program (HMGP)
- Flood Mitigation Assistance (FMA)
- Pre-Disaster Mitigation (PDM)
- Public Assistance Post-Disaster cost-effective mitigation

IDNR:

IDNR/OWR Floodplain Acquisition program
OSLAD Open Space Land Acquisition & Development – acquires land for new parks

DCEO

Manages HUD funds following disasters. Buyouts and other projects

EPA

319 Nonpoint source pollution – wetland restoration, erosion and sediment control

Metropolitan Water Reclamation District

- * Know what you want and why you should get it.
- * Know what the Grant funder's mission is.
- * Be aware of requirements.
- * Attend conferences, read newsletters.

Hazard Mitigation Grant Program (HMGP)

- * FEMA allocates 15 % of the total disaster assistance generated in response to a Presidential declaration toward HMGP.
- Program is administered by the State.
- 75% Federal /25% Local cost share.
- Voluntary and Competitive (No Guarantee).
- Projects must meet benefit-cost, environmental and other Federal,
 State and local criteria.
- Can fund acquisition, elevation, and small structural flood projects, wind and earthquake projects
- Retrofitting Elevation, relocation, floodwalls, wet & dry floodproofing and demolition
- Priorities: Substantial damage and repetitive loss
- Voluntary for property owners

Flood Mitigation Assistance (FMA)

- Annual nationwide competitive program
- * Yearly Allocation from Insurance Policy Base.
- * Requires Flood Mitigation Plan.
- * Administered by the State.
- * Repetitive Loss properties are targeted.
- * Community needs to be in good standing in the NFIP.
- * Structures must be insured.
- Voluntary and Competitive (No Guarantee).

Pre-Disaster Mitigation Program (PDM)

- * Annual nationwide competitive program.
- Funds projects for all natural hazards
- Flood insurance is not a prerequisite
- Mitigation plan is a prerequisite
- Can fund plans
- Changing emphasis can now fund floodwalls, green infrastructure, floodplain and stream restoration
- Potential for a LOT more money

FEMA & IDNR/OWR

"That makes sense."

Illinois Department of Natural Resources / Office of Water Resources Mitigation Funds

BASICS

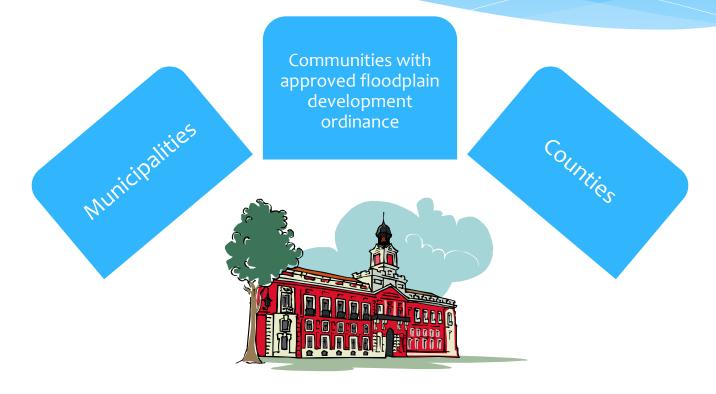

- * \$18,300,000 amount total,
- * \$15,000,000 allocated, \$3.3 million amount available
- * Purpose of the funds are the acquisition and demolition of floodprone properties.
- * Priorities Substantially damaged and Rep Loss
- * No elevations, no Mobile Homes
- * Funds are on a reimbursement basis
- * No Cost share 100%
- * Can be used as Cost Share for FEMA

OWR Priorities

- Immediate Post-Flood need
- * % of homes substantially damaged
- * % of homes repetitive loss
- * # of structures to remove from the floodplain
- NFIP status CRS rating, no violations
- Critical structures
- Is cost-share required for FEMA funds
- B/C ratio > 1 using the capitalized flood damage reduction benefits – satisfies Flood Control Act authorities
- Supplements public flood control projects

IDNR/OWR Mitigation Program Eligible Recipients

Local Governments

IDNR/OWR Mitigation Program Local Responsibilities

Acquire local permits for project

Pay for required utility relocations

Maintain the property as public open space, otherwise it shall revert back to IDNR

Pay excess project costs

Oversee structure acquisition/demolition

IDNR/OWR Mitigation Program Ineligible Activities

- > Reimbursement for previously completed projects
 - > Maintenance/Operation or Repair costs
 - Purchase of structure contents
 - Equipment purchases
 - > Relocation/temporary housing costs
 - Flood proofing private properties
 - Elevating private properties

FEMA funds vs IDNR funds

FEMA

More Funds available
Plan required
Cost share required
Benefit Cost waivers
More uses for funds
Much more bureaucratic

IDNR/OWR

Funds not tied to schedule
No cost share needed
Can be used for FEMA cost-share
IDNR does Benefit Cost

Reimbursement basis
No mobile homes or elevations
Quicker on our feet

Mitigation Planning

- * Requirement to receive FEMA mitigation funding.
- * Encouraged for IDNR/OWR mitigation funding.
- * Funds are available through the FEMA mitigation programs.
- * Almost always funded on a county-wide basis
- * Participation may provide enough in-kind funds to cover required match.
- * Important to bring people together so you know the different assets available

What is in a mitigation plan?

- * Analyzing the communities risks
- * What steps can be taken to mitigate them
- * The Pro's and Con's of the methods
- Prioritizing the mitigation methods
- * How will you accomplish them
- Uploads into the State Mitigation Plan
- * Adopted by the local government
- * Emphasis on the process want involvement, dialogue
